

Tom O'Brien Construction Ltd. Quality Policy Statement

The quality policy of the Tom O'Brien Construction Limited is to provide efficient professional service in provision of construction management solutions for private and public clients. These requirements will be achieved using trained well resourced personnel to increase the profitability and company value whilst improving its market share and its customer satisfaction level.

The company will comply with all statutory and regulatory requirements as required by their industry and comply with all standards to which the company subscribe and in line with all client specific policies which may affect service delivery. The company will endeavour to continuously improve by setting of objectives and targets at all levels of the company and communicating these to all staff to encourage their participation in the achievement of this improvement.

This policy will be communicated throughout the organisation and will be reviewed on a regular basis and updated in line business changes or when the standard to which it subscribes is updated. There will also be ongoing review of the quality management system and all staff members are continuously encouraged to participate in same.
